PROJECT POSITIONING

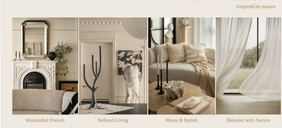

Life Above the Treetops

Connection to Nature | Social Connectivity | Aesthetic Living | Lasting Quality

DESIGN PHILOSOPHY

Inspired by nature

Minimalist French | Refined Living | Warm & Stylish | Blended with Nature

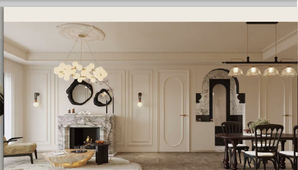

Space, light, material, art — across every dimension, we seek harmony between comfort and expressive, elevating modern spatial aesthetics to its highest form.

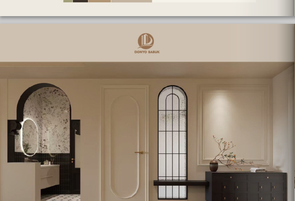

COLOR CONCEPT

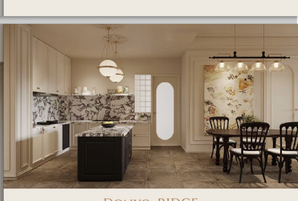

Elegance creates interiors

With off-white and vintage black as the primary tones, and green used as accent color blocks for augmentation, the spatial rhythm becomes lively, breaking the monotony of large spaces. A smooth and free home living experience is created. On the other hand, the simple and tranquil character settles into the space, fostering a restrained, relaxed atmosphere and elegance.
